Appreciation and empathy

Must show: choose one primary comment first, then add supporting comments only if the narration has room. Text is lightly normalized for readability; usernames and profile details are intentionally omitted.

2	"Ube halaya is a labor of love.. the amount of arm work that you need for that is crazy. "
3	"I would love to try Ube from a Filipino place!"
4	"I completely get you. I love ube but only ube halaya can make me weak on the knees!"

Editor note: crop or blur usernames and profile photos. Keep this comment bank nearby while assembling the layered 9:16 sequence.
