Oob backlash and memes

Must show: choose one primary comment first, then add supporting comments only if the narration has room. Text is lightly normalized for readability; usernames and profile details are intentionally omitted.

1	"[Sticker] i thought oob was a new flavor, IT WAS UBE ALL THIS TIME WTFJCKD"
2	"I found out about ube before it suddenly blew up, WHY ARE THEY CALLING IT OOB"
3	"its oooobeeee its not oob its no UBE"
4	"Who even says "OOB""
5	"and i oob-"

Editor note: crop or blur usernames and profile photos. Keep this comment bank nearby while assembling the layered 9:16 sequence.
